TOUR #11-364

1 DAY

PLUS: Iargo Springs & Lumberman's Monument

Relax on board our deluxe chartered motorcoach as we travel to the **Oscoda, Michigan** area, with a stop at the **Iargo Springs Interpretive Site** for a spectacular panoramic view of the AuSable River. This site does include large natural springs, however, there are very steep steps to/from the springs, with a lot of walking, and is not recommended for those who are not physically active. Enjoy an included lunch before our two-hour narrated cruise on the **AuSable River Queen**, the only paddle wheel river boat of its kind in the north. View river scenes rich in Indian lore, wildlife and lumbering history. On our way home, we'll stop at the **Lumberman's Monument** to view the huge bronze memorial to Michigan's lumbering era that sits on a high bluff overlooking the sparkling waters of the AuSable River. Interpretive signs and exhibits tell the story of moving logs from the forests to the mills. A dinner stop (on own) will be made en route home. **Register now to reserve your seat on the motorcoach!!**
